Forecast For East Midlands
Issued by Met Office Exeter
at 0400 on Tuesday 04 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Blustery showers easing later Tuesday. A cold night to follow.

Today:
Cloudy and windy through much of the morning with patchy rain or showers. Becoming brighter but more unsettled in the afternoon, the showers turning more frequent and locally heavy before clearing south later. Strong winds persisting along coastal areas. Maximum temperature 11 deg C (52 deg F).

Tonight:
A dry and largely clear evening leading to a cold night with a possible frost inland. Slightly cloudier and milder along coastal areas, with the odd shower possible. Minimum temperature 0 deg C (32 deg F).

Wednesday:
A cold but largely sunny start. A mixture of sunny spells and scattered showers otherwise, occasionally wintry over the Derbyshire hills. Showers dying away during the evening. Maximum temperature 12 deg C (54 deg F).

Outlook for Thursday to Saturday:
Sunny spells and showers on Thursday, more frequent during the evening. Sunny spells and isolated showers on Friday. Becoming wet and windy after a bright start Saturday. Some overnight frosts.
